RESIDENCIES

---

A wide-angle photograph of a winter scene. In the foreground, a dark, slightly rippled surface of water or ice reflects the surrounding environment. Behind it, a dense forest of coniferous trees stands tall, their branches heavily laden with white snow. To the left, a bare deciduous tree with frost-covered branches adds to the wintry atmosphere. The middle ground shows a valley with a small, snow-dusted town or cluster of houses nestled among hills. The background is dominated by a range of majestic mountains, their peaks partially obscured by a thick layer of low-hanging clouds and mist. The overall color palette is cool and muted, with various shades of blues, whites, and greys.
